
THE DARLALORIAN

CHAPTER 7: DARLAVISION (DARLA ALL ALONG)

The location of our adventure suddenly changes from a faraway planet in space to a grassy knoll outside of a small town somewhere in New Jersey. Two law enforcement agents are investigating a force field which has formed around the town.

“Do you mean to say the entire show we’ve been watching through the force field has been controlled by that little dog?” asks Larcy Dewus of S.W.O.R.E.

“Yes,” replies Monocle Mambo. “It was Darla all along.”

They watch as Darla the Wonder Dog prances with glee to the newest setting where she will control everyone like puppets. She looks back and smirks evilly as her theme song plays...
